Question

In this proposal I am writing in order to give some examples how to spent money, which we have just received to improve environment around our college building.

First of all, it would be ~~a~~ ^{could} ~~greatful~~ ^{consider} if the College Principal ~~would~~ ^{consider} to build a café. All students are really excited about this idea, because everybody are in some way addicted of drinking coffee, teas, juices. The café is ~~the~~ ^{one} of the best and very ~~price~~ ^{productive} way to replace and improve the surrounding outside the college.

Another way, which would be definitely an advantage of the college is to create a peaceful place for students as they could study and relax. For instance a student garden could perfectly match to this ^{solution} ~~idea~~ of spending money. Everybody needs this kind of place where they can sign with relief and forget about everything.

What is more, if it would be ~~awesome~~ ^{awesome} too, if the Principal College could reckon about building a student parking. It would be helpful either for teachers either.

When it comes to recent times, there isn't enough space to park everybody's cars on the parking in front of the college. ^{An additional parking} ~~It would prob~~ ^{certainly} solve

this problem.
