You may, if you wish, make use of the opinions expressed in the discussion, but you should use your own words as far as possible.

Question 1

How government funding could improve schools

Nowadays one of people's aim is to be well educated. It is really important for us, because our future work depends on it. There are many reasons why we should change schools and the government's findings can improve it.

First of all, teenagers are getting bored quickly. If somebody talks to them in one specific way, they will finally pay attention to something else. One way to solve this problem is to use more often technological devices. By using them, youth is fascinated and catches more informations from lessons.

Another fact is that the younger generations become more lazy and it is hard for them to remember something. Putting a pressure on them can affect them in a positive way. Doing more exercises can improve their knowledge. Also teachers should consider ^{new methods} ~~learning~~ of learning. For instance, they can teach youngsters by ^{telling} ~~asking~~ them to do some physical exercises. It will help them to remember ^{and also} ~~it~~ to focus on lesson.

All in all, ^{the government} ~~should~~ put an impact on schools, so as they can develop and be better. Their
